

# Seasonal Lag Runs True to Form in Jobs

**BOISE, Nov. 13 (AP).—**Seasonal labor demands ran true to form in Idaho during the past week with a net drop of 1,039 in job openings to a total of 1,462.

Job openings on farms dropped to 337 and similar declines were noted in such activities as logging, construction and transportation.

Labor surpluses were developing in most parts of the state as laid-off workers found the unfilled jobs beyond their skills or qualifications.

In the panhandle area job listings declined slightly to 66 remaining on Nov. 8.

Sandpoint reported wet weather caused the cancellation of openings for logging workers.

Snow and wet weather caused the shutdown of a number of logging operations in the Coeur d'Alene area.

**455 Miners Needed**

The first week of winter weather resulted in some influx of workers into the Kellogg-Wallace section. The shortages were for 435 hard rock miners and 17 skilled finish carpenters.

mand continued downward to a total of 333 in the south central section.

There also was a decline in southwestern Idaho with the total of 336 job openings listed on Nov. 6.

---

## Driver Is Cited On Drunk Counts

BURLEY, Nov. 12 — Dee Francis Burley, 30, was arrested shortly after 4:30 a.m. Thursday by city police on a charge of driving a car while intoxicated. He reserved his plea when he appeared in court and was released on bail.

Officers reported Francom drove his 1946 sedan into a pickup truck parked on Oakley avenue in front of the Jeff Caldwell home. Both

ventures were damaged badly. The  
com was later arrested by city pa-  
trolmen.

## Panel Debates Land Erosion, Runoff Water

WEAVER, Nov. 12 (AP)—Erosion and runoff water were discussed here yesterday by the Idaho Association of Soil Conservation District Supervisors attending a state convention. Colored slides were shown to illustrate the problems of erosion and methods taken to successfully meet the problem in Idaho.

Methods suggested to combat the problem were outlined for different regions by the district supervisors.

**Methods of Conservation**  
It was explained that in the panhandle, main conservation problems had to be met with crop rotation, stubble, seeding of waterways and strip cropping.

In the range livestock area of Idaho, conservation methods needed to be developed include reseeded abandoned farm lands, water development and proper handling of grazes.

**Irrigated Land Needs**  
The irrigated lands need land leveling, rotation, proper irrigation, control of wind and water erosion, construction of irrigation structures and installation of sprinkling irrigation, the supervisors said.

Speakers for today were to be Kent Leavitt, Millbrook, N. Y., national president; Gov. C. A. Rohrer, and J. H. Christ, Portland, regional director of the soil conservation service.

Milton Branch, Midvale, state association president, is convention chairman. More than 60 members are attending.

## Armistice Day, What Is That? War Vet Asks

CLARKSTON, Wash., Nov. 12 (AP)—An early morning Armistice Day observance met with a cool reception and clarification. Veterans are wondering if it was worth the effort. The traditional seven shots were fired from a small cannon in front of the Veterans of Foreign Wars cabin to announce the dawning of the holiday.

James Lydon, firing captain and adjutant of the Clarkston VFW post, said complaints came from the neighbors, the first complaints ever received.

Then a young man and his wife appeared to object to the salute and ask why so much "racket" was being made. He identified himself as a World War II veteran.

Lydon said, "We are celebrating Armistice day."

"Armistice day?" said the young veteran, "Armistice day. What's that?"

## Officer Luncheon Features Moose Group's Conclave

BOISE, Nov. 12 (AP)—A secretary and governor's luncheon will be one of the highlights on the second day of the Idaho Moose association convention.

Other activities will include a boxing tournament and the initiation of a class of candidates into the Legion of the Moose.

At opening sessions yesterday the delegates were welcomed to Boise by Mayor Potter P. Howard and committee members were made.

R. S. Emory, association president, made a brief address to the opening joint meeting of association members and the Women of the Moose.

Approximately 250 delegates are attending the convention, including Carl A. Weis, Mooseheart, Ill., deputy supreme secretary, and grand brother of the Legion of the Moose, and W. E. Edmonds, Salt Lake City, regional director of the Loyal Order of the Moose.

## Surprising Paul Douglas Can Be Counted on to Pull 'Upset'

By ALFRED BROWITT  
NEA Special Correspondent

CHICAGO—They must have forgotten that Prof. Paul Douglas always can be counted on for a surprise when they said he couldn't beat Republican Sen. Wayne Brooks.

The Democratic senator-elect has been surprising Illinois ever since he left the quiet chambers of the University of Chicago, where he was an expert in economics, to engage in the noisy game of politics.

He fought the Kelly-Nash machine while it was supporting him. A Quaker, he defied the principles of his church to go into bloody combat with the Japs.

Denounced by Republicans as a former Socialist with present pro-communist leanings, he has been one of the severest critics of the Kremlin.

One gets the definite impression that if Russia insists on having it, Douglas is ready to grab a rifle. Physically, he can take it. He stands 6 feet 3 and weighs 210 pounds—a formidable figure he developed as a college football player, a lumberman, farmer and fisherman in his youth.

Douglas is 35, and looks younger. Years never have worried him. When 23, he enlisted as a private in the U. S. marines. He survived several Jap inflicted wounds and emerged lieutenant-colonel.

Add a plentiful thatch of gray hair, sprawling in a pompadour, gold-rimmed spectacles and a serious way of talking, and you have a pretty fair picture.

The pro-communist accusation brings a weary look to his face. He has the expression of a professor whose students have fumbled the meaning of a term.

"I believe the Russians are faithless and treacherous," he says bluntly. "I am in favor of holding the Berlin line at all costs."

Douglas was "very disappointed" that Senator Brooks would not accept his challenge for a series of debates during the campaign.

With no Brooks to share a platform, Douglas did what he called the next best thing. He debated before audiences with an empty chair that he addressed as "the senator."

Douglas favors a strong fight against inflation, but he does not call for a return of the OPA.

He also proposes a break-down of monopolies, not necessarily in a trust-busting way, but through a "diffusion of industry." He says some labor unions have become powerful to the point of evil. But he counters with the charge that monopolies are similarly culpable.

Housing, with federal funds to subsidize private interests, is another of his big planks.

Douglas is forthright in speech, a trait he may have acquired from New England ancestry. He was born at Salem, Mass., of a family that had fought in the Revolutionary war on the right side.

Young Douglas worked his way through Bowdoin college, picked up more degrees at Columbia university, then taught economics at the University of Illinois and several other schools.

During World War I, he served the government as an industrial relations expert with the Emergency Fleet corporation. Then he came to the University of Chicago.

"I got into politics by accident," Douglas relates. "I'd never planned such a career. Everything started when I began to look into the machinations of Samuel Insull."

Then Douglas and other independentists tried to elect an alderman against the tough Kelly-Nash machine. In 1929, the liberals put their finger on Douglas to make the race.

That was when Mayor Edward J. Kelly offered the support of the machine Douglas was fighting. Douglas accepted with the understanding that "every vote I cast in council is a vote of conscience."

Douglas was elected. In 1932, he ran for the Democratic nomination for the U. S. senate, but lost to Raymond S. McKelvey.

The war came and Douglas promptly enlisted despite the Quaker ban on warfare.

## Does It Again

Prof. Paul Douglas: His opponent was an empty chair.

His private pay was a strain on family finances as it was to many others. Douglas is not a man of means.

His wife, talented daughter of the late celebrated sculptor, Lorado Taft, gave up their home and moved into a single room with their daughter, Jean.

Mrs. Douglas ran for congress while her husband was at war, and served as a representative from Illinois in the 70th congress. It's no surprise to her that the professor will serve in the 81st.

## 2 FFA Members Of Idaho to Gain Unit's Top Award

BOISE, Nov. 12 (AP)—Two Idaho members of the Future Farmers of America are scheduled to receive awards at the national convention of the FFA starting at Kansas City Sunday.

They are Orval Hanson, Idaho Falls, and Dan Mickelson, Grace. Both are to receive the American farmer degree, highest conferred by

the FFA. Their FFA activities include developing top dairy herds.

Stanley S. Richardson, Boise, Idaho FFA supervisor, said about 70 Idaho members are expected to attend.

Four Idaho boys will play with the national FFA band and five Idahoans are to sing with the national chorus. Band members are Donald Carroll, Emmett; Dan Wilson, Lapwai; Clayton Grover, Rexburg, and

Nelson E. Wren, Fielding. Choristers are Richard Jensen, Emmett; Rean Jensen, Heyburn; Norman Peterson, Kimberly; Gayle Danksy, Preston; Lynn Balmforth, Idaho Falls.

# Realtors Slate Fight Against Rent Controls

WASHINGTON, Nov. 12 (AP)—Real estate groups have served notice they will fight a proposed rent control law in the House. The National Association of Realtors, which has 100,000 members, said the bill would "take away from the owner the right to set the price for his own property." The bill, which is sponsored by Rep. Charles McNary, of Oregon, would set maximum rents for new construction and for existing buildings. It would also set a maximum for the amount of rent that could be raised in any one year. McNary said the bill was necessary to protect tenants from "excessive" rent increases. He said the bill would "freeze" rents for a period of five years. McNary said the bill would "freeze" rents for a period of five years. McNary said the bill would "freeze" rents for a period of five years.

# Negro Voter Has 'Arrived' in Dixie, Southern Editor Avows

NEW YORK, Nov. 12 (AP)—The Negro is the compelling popular issue in the south in 1948. It is no longer good politics to ignore the Negro and proclaim that the Negro is all right in his place, but his place is not at the polls. Segregation can be defended—but the denial of civil rights that has always gone with it has become indefensible. The Negro voter has arrived in the south. This is the most significant fact in the south today. The Negro voter has arrived in the south. This is the most significant fact in the south today. The Negro voter has arrived in the south. This is the most significant fact in the south today.

# Court Decree Curbs Output Of Chemicals

NEW YORK, Nov. 12 (AP)—Recent treatment growth in chemical industry in the southwest may be curtailed, the American Institute of Chemical Engineers was told, by a summer's U. S. supreme court ruling on steel freight charges. The prediction was made by Marcus Silberman, consulting engineer in Philadelphia. He said the ruling changes freight rates so that they may add 15 per cent to the cost of building a chemical plant in the southwest. The southwestern chemical plants, he explained, have been located in that area because there they were close to the raw materials. He said that now it may be more economical to build plants close to steel sources and ship the raw materials to those plants. Cheap power also is going to influence the location of future chemical plants, said J. A. Seaborn, the Matheson Chemical company, New York. Seaborn is head of the department of the Interior, Washington, D. C., predicted a fertilizer industry in the south.

# Wallace Party Leaders Meet To Draft Plan

CHICAGO, Nov. 12 (AP)—Progressive party leaders met today to adopt legislative and political programs for the coming year. Henry A. Wallace, the party's unsuccessful candidate for President in last year's election, went into a huddle with state directors of the progressives. Baldwin said the committee will discuss legislative campaigns for the state legislature and the various state legislatures. Other subjects of the meeting are organization plans for the labor, farm, women's and businessmen's divisions and participation in the 1949 municipal elections. The party has made a good start, Baldwin said. Glen H. Taylor, Idaho senator and vice presidential candidate in the recent election, is expected to attend the sessions.

# Officers Skeptical Of Telephone Tip

POCAHELLO, Nov. 12 (AP)—Bannock county sheriff's officers today were skeptical about an anonymous telephone call reporting a 41-year-old Joe Ayres, missing for about two weeks, alive and well in another town. An unidentified man telephoned Joe Ayres, Jr. and told him the elder Ayres is "definitely not coming back to Pocatello and would like the search discontinued." The man explained that Ayres "doesn't want the county going to the needless expense of dragging the Portneuf river." The voice added: "I'd like to tell you who I am and where I'm calling from but I'm under oath not to."

U. S. Farmers Far Ahead in 1949 Planting

WASHINGTON, Nov. 12 (UP)—U. S. farmers, turning out the most bountiful harvest of all time, already have a good start toward next year's production, according to the agriculture department's monthly crop report.

Farmers planted most of their winter wheat by Nov. 1 this year, while in 1947 they had only 75 per cent of it in by that time. The wheat will be harvested next spring.

Corn leads the way in this year's record crop output with a new production high estimated at 3,640,000 bushels, the report said. The figure is \$1,534,000 bushels higher than the October forecast. Ideal growing and harvesting weather was responsible for the increase. Last year's crop totaled only 2,400,000 bushels.

Since corn is an important determinant of meat production, the housewife can expect more and better meat at lower prices than until late next year. It will take that long to build up hogs and cattle for slaughter.

**Offers Increase**

The agriculture department's report also showed increased offers last month for cotton, soybeans, sorghum, grain, rice, buckwheat, dry beans, lentils and other products. The government has increased its offers in farming methods have resulted in yields per acre well above average for almost all crops.

As for next year's wheat, department surveys show farmers intend to seed 7,000,000 acres. The government appeals to plant only 71,500,000. This year's wheat land to seed 71,700,000 acres.

The department has warned wheat farmers there is danger of surpluses during the next few years because of the unexpected decline in foreign demand.

Icy Highway Blamed for 2 Auto Mishaps

STREVELL, Nov. 12 — Icy roads were given as the cause for two highway accidents here Wednesday in which two persons sustained minor injuries, according to state police investigating the mishaps.

Edna E. Barry, Ore., his wife and small daughter were taken to the Cottage Hospital, Burley, on a bus which had been on a collision with a truck at 6:30 p. m., 77 feet on the Idaho side of the Idaho-Harrison border. They were treated for minor injuries and released. Hospital officials said.

The second accident occurred at 10:15 p. m. when a 1935 sedan traveling south on U. S. 193 was hit by a rough spot in the road and began sliding until it turned around, slid off the highway and overturned, or he nor his wife was injured. The machine was driven by Harold G. Smith, Yakima, Wash. Neither he nor his wife was injured.

Hayden Project's Contract Okayed

WASHINGTON, Nov. 12 (UP)—The interior department today announced approval of a 40-year repayment contract with water users of the Hayden lake irrigation district in Idaho for \$120,000 of project repair work.

The district, part of the Rathdrum project, has been authorized to make payments for the first two years.

The contract covers replacement of the pipe discharge line and overhaul of the pumping plant which furnishes irrigation water to about 1,000 acres of land.

Kindergarten Observing Education Week

Children attending the kindergarten sponsored here by the Pre-School FTA have been observing education week by inviting their parents to visit classes. The kindergarten is now located in the old Lincoln school building. Photo above shows children in their new room. (Staff photo-engraving)

Education Week Observed by Kindergarten Students Here

During education week parents of kindergarten children have been invited to visit the Twin Falls kindergarten to better understand various activities and purposes of the kindergarten and to see the most suitable room used by the kindergarten.

The kindergarten recently moved into one of the renovated basement rooms in the old Lincoln school building. Overcrowding in the grade schools has been entirely alleviated by fixing these rooms, partly because of the lack of teachers and the problem of redistricting.

In this large room which is suitable for 25-30 year old children at one time furniture and equipment are being provided. During the week the classroom was furnished with small folding chairs and being purchased.

One side of the room is lined with ample cupboard space for all equipment. On the opposite side of the room there is a doll corner and a table for toys to be used during free play periods. Between the classroom study tables and the play section is

plenty of floor space for a circle arrangement to be used in playing games and for story telling. The children are allowed the use of the playground and equipment under the supervision of the instructor. The room has its own entrance on the north side of the building. There is a coat-room space adjacent to the class room and a drinking fountain is just outside the room.

The kindergarten has a morning and afternoon session each week day from 8:30 a. m. to 11:30 a. m. and the afternoon class from 1 to 3 p. m. If applications for enrollment exceed present facilities, efforts will be made to secure accommodations and to hire an instructor to take care of the increase.

The kindergarten is sponsored by the Twin Falls Pre-School FTA.

Kennecott Strike Curbs Shipments

SALT LAKE CITY, Nov. 12 (UP)—Tuttle Standard Mining company today announced that shipments reduced one-third as a result of the strike at the Kennecott Copper Corporation.

The cut-back represents the amount of ore Tuttle Standard has been shipping to the American Smelting and Refining Company at Gardfield, which is halted all shipments of ore, effective Monday, and will shut down its smelter plant.

With the 600 men who will be laid off at Gardfield, the three week old Kennecott strike will have taken more than 5,000 men. President

of the United Mine Workers said that the government here is taking the official line of denying that "anything like direct peace negotiations with the Arabs is taking place."

NAMPA VISITORS  
CASTLEFORD, Nov. 12—Mr. and Mrs. M. G. Harrison, Nampa, were visitors at the home of Mr. and Mrs. Ray Cothern. They visited John Cothern and his wife who were home from Moscow. Mrs. Cothern drove to Moscow to return John and his wife.

West Union's Nations Talk Atlantic Pact

LONDON, Nov. 12 (UP)—The five nations of the Western European Union began talks in a highly secret meeting today on a proposed north Atlantic defense pact with the United States and Canada.

A French foreign office spokesman in Paris said France is proposing a 50-year agreement, binding the U. S. and Canada to the alliance. There was neither confirmation nor denial here.

The nations in the western alliance are Britain, France, Belgium, The Netherlands and Luxembourg.

Louis S. St. Laurent, who becomes Canadian prime minister Monday, called last night for a north Atlantic security treaty to include both economic and military cooperation.

Top western diplomats in Washington may try to decide next week whether to expand the proposed alliance to Italy, Portugal, Norway, Denmark, Iceland and Ireland, a Washington dispatch said.

The United States is expected to be asked to pay for rearming the alliance.

Pomona Grangers To Select Officers

Officers will be elected by the Pomona Grange at a meeting at 10:30 a. m. Saturday, according to Master Stanley Walters.

The session will be held in the Knoll Grange hall. Other important business will be considered and all Grangers are urged to attend.

A covered dish luncheon will be served at noon.

Princess to Share Shower Proceeds

LONDON, Dec. 12 (UP)—A world-record baby shower for Princess Elizabeth's first born may overflow into many humble British homes.

The princess has let it be known she would like other babies, arriving the same day as hers to share many hundreds of joyous gifts given to her by loyal subjects and admirers the world over. The birth of Elizabeth's heir is expected this weekend.

In London alone it is estimated that at least 350 to 400 babies will be born this week-end in hospitals, nursing or private homes.

Elizabeth and her husband, Prince Philip, may share their baby presents with perhaps 100 or more of that number.

Lucky, too?

LONG POND, Me., Nov. 12 (UP)—Seven is definitely George Fendley's number.

The 11th child of Mrs. Albert Partridge, he was born on the 11th hour of the 11th day of the 11th month. And yesterday was his 11th birthday.

15 More Nazis Hanged in Reich

MUNICH, Germany, Nov. 12 (UP)—Fifteen former guards at the Mauthausen concentration camp were hanged today for slaying more than 4,600 war-time inmates, including 47 British and American airmen.

They had been convicted by an American war crimes court of exterminating inmates by various methods, including slaying, beating, trampling, drowning, suffocation and injections.

Thirteen of those sent to the gallows were G.S. (German) men. Two were inmates who turned on their fellow prisoners.

The executions raised to 58 the number of war criminals hanged at Landsberg prison in the past month.

# American Legion Auxiliary Gives Armistice Dance

The first formal dance in a series of three sponsored by the American Legion auxiliary was held Armistice day at the American Legion hall. A capacity crowd of more than 200 persons danced to the music of the American Legion orchestra. Because of the growing popularity of folk dancing, several square dances and reels were called by Bill Garratt. The next dance in the series will be held on Feb. 12. Persons wishing the first dance may still secure tickets for the next two at the Legion lounge. Single dance tickets will be sold at advanced prices at the door. The committee in charge of this dance included Mrs. Kay Peterson, Mrs. Martha Jones, Mrs. Nedie Rich, Mrs. Jane Rainbolt, Mrs. Hugh Boone and Mrs. Larry Laughridge.

## Sale Brings \$90

**To Sorosis Club**  
GOODING, Nov. 12—An auction sale of fancy needlework and cooked food netted the Gooding Sorosis club \$90 with Mrs. B. Kilbourn as the surprise auctioneer.

Some 50 members and guests were on hand for the cooked food luncheon which preceded the meeting and auction. Auctions present included Mrs. Ruth Peterson, Mrs. Mink, Mrs. Roger Byers, Mrs. Brooks, Mrs. Jack Walton, Mrs. W. H. Stevens, Mrs. E. Absher, Mrs. Walter C. Raby, Mrs. Herbert Meyer and Mrs. Claude Parks, Duhl. Mrs. W. P. Pond led group singing with Mrs. Ted Mason at the piano. The newly purchased song books were used. Mrs. Kenneth A. Tyler was welcomed as a new member. Mrs. Blythe Clemens, president, conducted the business meeting. The club voted to back the ban on "obscene" comic books in the community. The finance committee of the club sponsored the auction. Assisting the auctioneer were Mrs. J. James, Mrs. C. T. Knight and Mrs. Marshall Smith. Members of the finance committee include Mrs. Cecil Dummitt, chairman, Mrs. Smith, Mrs. J. D. Putscher and Mrs. W. A. Carter. Mrs. J. G. Hayden, Jr., acted as clerk for the sale. Hostess group for the luncheon included Mrs. Harry Skjold, chairman, Mrs. J. Earl Schreiber, Mrs. E. L. Sulton, Mrs. Vincent Carter, Mrs. Kenneth Rice and Mrs. G. D. Moore.

## Zenobia Club Has Luncheon Parley

Some 33 members from Jerome, Kimberly, Filer and Blaine were served a luncheon at the club meeting of the Zenobia club held at the home of Mrs. Harry Eaton with Mrs. Curtis Eaton as assistant hostess. The day was spent socially in sewing for the crippled children at the Shrine hospital. The Zenobia club will be meeting at the home of Mrs. J. E. Scheid at Jerome and will feature a potluck luncheon and gift exchange.

## Luncheon Service

710 Main Ave. South Phone 850 Twin Falls

# Training Program Held in Bellevue

BELLEVUE, Nov. 12—Mrs. Joe Seward, Halley, president of the Sun Valley council for Camp Fire Girls, and Mrs. Myron Price, Halley, and Mrs. George Laury, Bellevue, guardians who attended the recent Twin Falls training school for Camp Fire leaders, conducted a training program in Bellevue for leaders of the area who could not attend the Twin Falls meeting. The program was presented in an all-day session held in the Youth Center building. The morning hours featured the regular monthly meeting of the Guardians and Sponsors association, with Mrs. Price in charge. It was decided to hold the meetings as usual, on the second Tuesday of each month, with the hours changed from 2:30 to 4:30 p.m. to accommodate a greater number of teachers. A "Resource File," containing names of hobbyists and specialists in this community, whose interests may provide group projects for the various groups, was made by the council secretary, Mrs. Willis McRecher, for future reference of the guardians. During the lunch hour the group enjoyed a sack lunch, with coffee served by Mrs. Richard Seely, members of Awawaky Group of Halley. The afternoon session was devoted to the ceremonial roles, including Dawn Joy Hall, Luana Schow, Rita Simpson, Joan Cooper, to Anne Donohue, Lueda Dresler, Shirley Malt and Phyllis Shirts. The leaders were pleased by this example of the accomplishment made by one of the groups under the direction of the guardian, Mrs. Price, and song instructor, Mrs. Simpson were complimentary.

## Attend Party

FILER, Nov. 12—Mr. and Mrs. Ben Glasgow, Mr. and Mrs. Leonard Martin and family, and Mr. and Mrs. Rex Lancaster and family attended a surprise dinner party for Bill Pratt at Murrigh.

# Hospital Outlook Is Explained for Jerome's Legion

JEROME, Nov. 12—The Jerome hospital situation was explained to members of the American Legion and auxiliary by Frank Rating following a potluck dinner at the American Legion hall. Rating gave a comprehensive view of the project with plans for the future. Following the dinner, a roundtable discussion was held. The groups met for regular business meetings following the dinner and discussion. Reports were given by committee chairmen at a meeting of the auxiliary, Mrs. Max Owens, finance chairman, reported on dinners being served to convalescents. Rehabilitation seals received by Mrs. Bert Schlimmer were shown and the sale of them was discussed. An interesting account of the district convention held at Fairfield was given by Mrs. Max Owens, with the announcement that Mrs. Alois Hof, Jerome, had been elected vice president for the district. The Christmas gift table for patients at the veterans hospital was explained to new members. Membership was stressed with all members being urged to pay their dues by Nov. 20. It was also voted to order a grave marker for a deceased member, Mrs. E. E. LaTurner. The Girl Scout drive, including a drive for the purchase of a new explanation of how the funds were to be used. It was voted to contribute \$25. Hostesses in charge of the dinner included Mrs. Fred Carter, Mrs. Grace Hull, Mrs. Ava Morton, Mrs. Jessie Baker, Mrs. Max Owens, Mrs. D. L. Stroud and Mrs. Dale Ymling.

## Calendar

8:30 p.m. Monday at the Moose hall.  
The Methodist WGS will hold a rummage sale beginning at 10 a.m. Saturday at May Janka's antique shop, 224 Main street south.

## General Lawton Camp auxiliary, United Spanish War Veterans, will meet at 2 p.m. Sunday at the Legion hall. All members are asked to be present.

Camp, Unit-Ar-Ed, Daughters of Utah pioneers, will meet at 2:30 p.m. Sunday at the home of Mrs. Lenore Carroll, 221 Elm street. An historical lesson will be given by Mae Price.

### Speculating of GOP's Blamed For Mart's Dip

WASHINGTON, Nov. 12 (AP)—Sen. Joseph C. O'Mahoney, D. Wyo., said today that post-election stock market breaks were caused by "disappointed speculators" who had counted on a Republican victory and a "grave bowl" for big business.

But another prominent Democratic senator, who declined to be quoted by name, said business "anxiety" over the administration's price, labor and tax policies might be responsible. He suggested that administration leaders issue a policy statement in the near future to let businessmen know what to expect.

O'Mahoney, who is in line to head the joint congressional economic committee in January, attributed the market declines to activities of short-term speculators and insisted that "a high level of prosperity" continues.

"Producers and manufacturers who are directly involved in carrying on their business have no cause for worry," he said. "Demand for most products will continue high."

Despite these reassurances, however, other Democrats talked of the advisability of touting a policy statement before the new congress convenes in January. It was pointed out that thus far the administration's program has been revealed only to a limited extent.

Among the guidelines have been:

1. Rent Director F. E. Wood's statement that he will ask congress to extend and strengthen rent controls.
2. A presidential adviser's report that Mr. Truman will make one more attempt at "persuasion"—looking toward a voluntary program of price cuts—before renewing his demand for wage-price controls and rationing authority.
3. Talk of negotiations with western European countries on American arms assistance, a program that would mean new industrial orders.
4. A recommendation that compulsory allocation of steel be re-established if the arms program is carried out.

### Ocean Movie Scheduled Here

Dr. Irwin A. Moon, director of Moody Institute of Science, is shown above getting 65 pounds of lead weights attached to his belt before he descends into the ocean with his underwater camera. The film, "Voice of the Deep," will be shown at 7:30 p.m. Sunday at the First Christian church.

### Scientific Movie On Ocean Will Be Shown at Church

Discovery that the "silent deep" is not silent after all forms the basis for a scientific color film, "Voice of the Deep," to be shown at 7:30 p.m. Sunday in the First Christian church, Sixth avenue north and Shoshone street, according to the Rev. Mark C. Cronberger, pastor.

Contrary to the belief that there is no sound under the sea, the film reveals that fish have a definite language of their own. Their aquatic conversations in the film resemble the peculiar quacks, grunts, whistles and clicks of a barnyard. A congregation of snapping shrimp sounds like a crackling forest fire, while a school of Chesapeake Bay croakers was once mistaken for an invasion of enemy ships.

This is the first time that fish sounds have been recorded in a film, according to Moody Bible Institute of Chicago, producers of "Voice of the Deep." A special Moody representative, J. Ray Swanson, will show the film here.

taken for an invasion of enemy ships.

### AFL Bus Drivers Threaten Walkout

SAN FRANCISCO, Nov. 12 (AP)—Threat of a strike by AFL bus drivers in seven western states today was held before Pacific Greyhound lines.

The union, asking one and one-half cent a mile pay increase for drivers and hourly pay boosts for other workers, said workers would strike unless an acceptable wage offer is obtained by midnight Sunday.

Involved in the dispute were 3,000 drivers and station employees in California, Oregon, Nevada, Utah, Arizona, New Mexico and Texas.

Mr. Clifford Qualls  
Twin Falls Electric Co.  
762 Main Ave. No.  
Twin Falls, Idaho

Dear Cliff:

With the utmost sincerity, I wish to offer my  
congratulations to you.

Through extra effort, long hours of hard work,  
and fair dealings, you have been able in a few  
short years, to build your business from a  
shoestring to the point where a new and larger  
building became necessary to better serve your  
increasing number of customers. Subsidies have  
not made this possible, but rather your ability  
and determination to give a full dollar's value  
for each dollar spent with you. These qualities  
have kept your old customers coming back, and  
new ones coming in. It is men like you, with  
fortitude and integrity, who are not afraid to  
roll up their sleeves, that are real assets to  
any community.

Our business relations with you, in supplying  
Underwriter's Certified IMPSTONE Blocks, plus  
steel windows and overhead doors, have been  
both pleasant and profitable. Be trust that  
this business relationship will last for many  
years to come.

Our hats are off to you, Cliff, for doing a top  
notch job in the electrical business. We trust  
that when you again expand, we will have the  
pleasure of supplying IMPSTONE building blocks  
and associated supplies.

Yours very truly,  
*Bill*
